

# TAKING STOCK: A PREVIEW OF NEPC'S 28<sup>TH</sup> ANNUAL INVESTMENT CONFERENCE

NEPC Client Conference Committee

August 2024

If you are looking for a reason to visit New England in the fall, we have a great one for you: NEPC's 28th Annual Investment Conference!

We invite you to join us on September 9 and 10 at the [Westin Copley Place](#) in Back Bay, the heart of Boston, as we bring together our clients, peers and industry leaders to explore the current investment landscape. Our [conference](#) theme this year—*Invest in Tomorrow: Exploring the Intersection of Investments, Innovation and Impact*—underscores our ongoing commitment to explore the evolving investment landscape with foresight and intention.

You can use this opportunity to meet your peers—chief investment officers, investment committee members, trustees, chairpersons and directors—and [hear](#) from our lineup of illustrious speakers. This year's experts include Rick Rieder, BlackRock's Chief Investment Officer of Global Fixed Income and head of Global Allocation Investments; Orlando Bravo, founder and managing partner of Thoma Bravo, a private equity firm focused on software and technology companies; Libby Cantrill, asset manager PIMCO's head of public policy; and Zack Kass, an authority on artificial intelligence.

In addition, participants will also hear from NEPC professionals. In a first for the Conference, get an interactive, behind-the-scenes tour of our proprietary investment framework. Also, learn more about our 70-person-strong Research team and discover what sets us apart from our peers. In addition, we will delve into our market themes and outlook, and their implementation within OCIO client portfolios.

There is still more: Our consultants and research specialists will discuss an array of thought-provoking and trending investment topics, including opportunities in global equities, private markets and real assets, innovative approaches to pension management and investment manager selection, and the power of artificial intelligence. Also, back by popular demand: NEPC's optional pre-conference workshops.

We invite you to spend the two days at our 28th Annual Investment Conference establishing meaningful connections and engaging in insightful conversations with your peers, NEPC consultants and researchers, and industry professionals. We look forward to extending a warm welcome to our current and prospective clients. Space is limited, so please [register](#) now to secure your seat at the table!
